EDUCATION

Bachelor's Degree
Sethu Institute Of Technology

08/2020 - 03/2024   *Madurai*

Courses
- Computer Science

WORK EXPERIENCE

Flutter Developer
Dialect

04/2024 - Present   *Ernamkulam, Kerala*

Task
- Built the travel-76 app using Flutter's single codebase, ensuring a consistent and responsive user experience across different devices. Focused on creating an intuitive interface and seamless navigation with a bottom navigation bar.
- Leveraged the Provider package to manage app state efficiently, ensuring smooth data flow and user interaction for features like user authentication, profile management, and favoriting.
- Implemented Firebase for handling user authentication (Google and email sign-up/login), real-time data updates for places, and profile information, providing a secure and scalable backend solution.
- Added key functionalities, including trending places, detailed place information with maps, user reviews, and a favoriting system, enhancing the overall travel planning experience for users.

Volunteer
SITWARE Club

04/2023 - 03/2024

Achievements/Tasks
- Successfully coordinated and led various teams, including multimedia, graphic design, web development, and registration, ensuring seamless collaboration under tight deadlines.
- Utilized strong time management skills to prioritize tasks effectively, enabling each team to deliver high-quality results on time.
- Fostered clear communication and problem-solving across teams, allowing for quick resolution of challenges.
- This leadership role enhanced my ability to manage multiple responsibilities while maintaining a focus on both technical excellence and efficient execution.

SKILLS

Flutter · Dart · Firebase · MVC architecture · Provider · Bloc · Android · Ios · Git · Rest API · Hive

PERSONAL PROJECTS

Travel-76
- App designed for seamless travel planning and exploration in Tenkasi.
- Links - Android, iOS.
